- Gaming
- Biking
- Travelling

ABOUT ME

Computer Science student at BRAC University with a growing foundation in networking, cybersecurity fundamentals, and AI systems, alongside real-world experience in B2B sales and US small business finance. Comfortable working across technical and business domains from Linux and network fundamentals to AI model evaluation and CRM-driven outreach with a focus on applying structured, analytical thinking to solve real problems.

EXPERIENCE

AI Quality Assurance & Evaluation Specialist-

RWS Group June 2026 – Present | Remote(Contract)- United Kingdom

- Evaluated and compared AI model outputs across multiple response variations to identify quality gaps, inconsistencies, and areas for improvement in accuracy, tone, and intent alignment
- Conducted speech-to-speech (S2S) evaluation, assessing audio output quality, naturalness, and fidelity against defined quality benchmarks
- Performed structured data annotation, tagging, and transcription tasks to support model training and quality benchmarking in Bengali
- Applied detailed evaluation guidelines and qualification standards consistently across ad-hoc task assignments, maintaining high accuracy under deadline-driven conditions
- Identified and documented recurring quality issues across model outputs, contributing to more reliable and consistent AI performance
- Operated independently within a distributed remote QA workflow, managing task prioritization and throughput autonomously

Business Development Associate | B2B Lead Generation & Appointment Setting-

Metro Hospitality · Mar 2026 – May 2026 Remote-Arizona, US

- Executed outbound prospecting to property managers, Airbnb hosts, and commercial operators to establish service partnerships for Guest Services, HVAC, plumbing, and security solutions.
- Leveraged Apollo.io to source, segment, and qualify high-potential leads across hospitality, real estate, and commercial property sectors
- Engaged decision-makers directly, overcoming gatekeepers and objections to schedule high-intent discovery calls with senior team members.
- Maintained and optimized a structured outreach pipeline, ensuring consistent follow ups and steady appointment generation.
- Refined scripts and objection-handling strategies based on real call interactions to improve conversion rates.

US SMB Financing Specialist (Sales & Pre-Underwriting)-

Vortex Infosys November 2025 – February 2026

- Worked directly with US small business owners to identify funding needs and provide financing solutions including MCA, Lines of Credit, SBA pre-qualifications, and Term Loans.
- Pre-qualified leads based on revenue, credit score, and business performance; coordinated with US direct lenders for deal submission and funding.
- Maintained CRM accuracy, managed active sales pipelines, and consistently hit call, approval, and funding targets.
